

Pearl™

Intuitive // Ideal

For customers seeking more refined dispensing, Pearl™ outshines the competition. This elegant collection of airless pumps ensures clean and smooth dispensing at every touch. Customizable and comfortable, Pearl combines form and function to deliver an elevated dispensing experience.

Effortless dispensing for a more refined experience

- Extremely low force-to-actuate
- All plastic for clean, metal-free dispensing
- Excellent evacuation rate
- Fewer strokes-to-prime and less re-priming issues during use
- Low part count and light weight for additional supply chain benefits
- Features Rolling Bellow Technology™ that provides comfortable, consistent dispensing
- Wide-mouth, top-fill design offers optimal filling parameters
- Fully customizable
