

**Aspire®**

Premium Quality // Superior Performance

Aspire® makes lifestyle fragrances feel more premium through soft, smooth actuation; a fine, consistent atomization; and a sleek, low-profile design. Your consumers are seeking value as well as an experience that makes them feel pampered. Aspire® helps you deliver both, driving deeper brand engagement.

## Give your products a more premium feel

- A low-profile design with modern aesthetics elevates brand image
- Soft, smooth actuation elevates the experience
- Good pre-compression results in a fine and uniform spray
- Hidden accumulator for a clean, contemporary look
- Fast lead times and flexibility
- 100% quality control from certified plants
- Local technical and laboratory support
- Project management and dedicated customer service
