

Mini NEA

Convenient // Compact

With our atmospheric Mini NEA, your consumers can bring their favorite products wherever they go. Based on the NEA platform, this pack is ideal for promotional offers, in-store testers and gift and travel sets, offering an excellent evacuation rate and ultra-smooth actuation. It's also easy to customize—all adding up to a solution that leaves your customers wanting more.

Mini NEA

Promote your brand with on-the-go performance

- Based on the NEA engine with Pure Path™ technology for better formula protection
- Ultra-smooth actuation even on the most viscous formulas
- Excellent evacuation rate
- High-end comfort
- Contemporary design that's fully customizable and part of a family look
- Compliant with Ecocert and Cosmos
- Flexible integration into your atmospheric filling processes
