

MeaSURE™ 2

Accurate Dosing // Elevated Delivery

Ideal for a range of applications, the all-new MeaSURE™ 2 delivers improved dosing accuracy while strengthening sustainability and complying with ISTA-6A to meet e-commerce demands. Powered by an innovative engine to serve a variety of formulas, MeaSURE™ 2 also employs an added silicone valve to eliminate mess and leakage. Whether dispensing products for hair, bath, body, personal care and beyond, MeaSURE™ 2 is designed for the accuracy and cleanliness needed to achieve your brands' goals.
