

CondiCaps

Controlled Dispensing // Enhanced Recyclability

CondiCap closures combine premium quality with clean, controlled dispensing for sauces and condiments. Made from polypropylene, the range includes various designs, diameters, threads, and orifices. Versions featuring our 100% recyclable valve enhance the overall recyclability of the packaging. With their functional design and reliable hinge, they ensure outstanding consumer convenience. CondiCap closures are engineered for smooth processing on high-speed filling lines, making them the perfect choice for a wide range of food applications.

CondiCaps

Premium dispensing closures

- For food applications like sauces, dressings and condiments
- Applicable for many different viscosities
- Suitable for PET and PP/PE bottles
- Wide array of bottle geometries possible
- Valve and non-valve orifices
- PP mono-material closures
- · Active hinge, easy opening and closing
- Available with Induction Seal Liners

Designs and Specifications

Neck size 33/400

Flip-Top	Outer Diameter	Height	Orifice	Description	Item #
Standard	13/8" (34 mm)	0.72" (18.3 mm)	0.250" (6.4 mm)	High Gloss, Fine Ribbed	4681
Standard	13/8" (34 mm)	0.72" (18.3 mm)	0.375" (9.5 mm)	High Gloss, Fine Ribbed	4682
Standard	13/8" (34 mm)	0.72" (18.3 mm)	0,500" (12.7 mm)	High Gloss, Fine Ribbed	4683
Standard	13/8" (34 mm)	0.63" (16 mm)	0.250" (6.4 mm)	High Gloss, Fine Ribbed Short	6140
Standard	13/8" (34 mm)	0.63" (16 mm)	0.375" (9.5 mm)	High Gloss, Fine Ribbed Short	6141
