

Nube Jars & Lids

Cosmetic Elegance // Versatile Design

Nube cosmetic jars combine elegance and versatility, perfect for Personal Care applications. Available in two sizes, their stylish design and large decoration surface elevate brand identity. Made from polypropylene, special material effects and metallic colours enhance a luxurious appeal.

Nube Jars & Lids

Your choice for personal care applications

- Range for cosmetic applications like facial, hair and body care
- Ideal to complement a complete packaging range
- Efficient handling and processability on high-speed filling lines
- PP material allows easy recyclability
- The screw lids ensure a secure and reliable seal on the jars

Design

- Screw application
- Gloss surface finish
- Large colour range
- Also translucent and metallic colours
- The soft line rounding give the jars a stylish presence
- The sides are straight and offer a large surface for decoration
- The lids have a slightly elevated surface in the middle for a distinctive look
- They provide a secure grip for easy opening and closing, even with wet hands
